TEACHING EXPERIENCE

Lamar University, Beaumont, TX

Instructor LIBR1101 - Introduction to Library Research 2010-Current

This introductory course acquaints students with the process of acquiring, evaluating and assimilating information from available resources. The course frames information literacy skills as tools for life-long learning. Developed syllabus and overall course structure and administered all grades for both live and online (Blackboard) versions of course.

Guest Instructor - Various 2010-Current

Conduct library instruction sessions for a variety of courses; tailor sessions to address specific assignment requirements, including examples related to assigned topics—prepare for non-literary subjects (e.g. Dental Hygiene) by perusing syllabi and testing topic searches in relevant databases. Majority of sessions (to date) were for freshman English and Developmental courses, but have also done sessions for variety of courses undergraduate and graduate-level courses.

Instructor HNRS 3161 Information Evaluation 2015-2016

This honors introductory course teaches students to become savvy searchers and evaluators of published and online information. Student learn to critically distinguish among facts, opinions, entertainment, advertisements and propaganda. Developed syllabus and overall course structure and administered all grades for course.
